Trustseal Ltd Environmental Policy Statement

Trustseal is committed to conducting its operations in a manner that protects and enhances the environment. We recognise our responsibility to manage the environmental impacts associated with our high friction surfacing activities and are dedicated to continuous improvement in our environmental performance. This policy outlines our commitment to compliance with ISO 14001:2015 standards and UK environmental regulations.

Commitment

We are committed to:

- **Environmental Compliance:** Complying with all relevant environmental legislation, regulations, and other requirements related to our environmental aspects.
- **Pollution Prevention:** Identifying, controlling, and reducing the environmental impacts of our operations to prevent pollution.
- **Continuous Improvement:** Continuously improving our environmental management system (EMS) to enhance environmental performance.

Objectives

To fulfil our commitment, we will:

1. **Integrate Environmental Considerations:** Integrate environmental considerations into all business planning and decision-making processes.
2. **Sustainable Resource Use:** Use resources efficiently, promoting the use of recycled and sustainable materials wherever feasible.
3. **Waste Management:** Minimise waste production through reduction, reuse, and recycling practices. Ensure safe and responsible disposal of unavoidable waste.
4. **Pollution Control:** Implement measures to control emissions, discharges, and releases to the environment, ensuring compliance with relevant standards.
5. **Energy Efficiency:** Enhance energy efficiency in our operations and promote the use of renewable energy sources where practical.
6. **Training and Awareness:** Provide training and resources to employees to ensure they understand their environmental responsibilities and can contribute to our environmental objectives.
7. **Emergency Preparedness:** Develop and maintain emergency plans to respond effectively to environmental incidents and minimise potential impacts.
8. **Stakeholder Engagement:** Communicate our environmental policy and performance to employees, customers, suppliers, and other stakeholders. Encourage feedback and participation in our environmental initiatives.

Responsibilities

- **Senior Management:** Senior management is responsible for providing leadership and resources necessary for implementing and maintaining the EMS and ensuring compliance with ISO 14001:2015 and UK regulations.
- **Environmental Manager:** The Environmental Manager is responsible for the day-to-day management of the EMS, including setting objectives, monitoring performance, and reporting to senior management.
- **Employees:** All employees are responsible for understanding and adhering to this policy, participating in training programs, and actively contributing to the achievement of our environmental objectives.

Review and Communication

This policy will be reviewed annually to ensure its continuing suitability, adequacy, and effectiveness. It will be communicated to all employees and made available to the public and interested parties upon request.

By adhering to this policy, Trustseal aims to minimise our environmental footprint and contribute to the sustainable development of the communities in which we operate.

Signed:

Jon Wragg

Operation Director

Date 10st Jan 2026

This policy statement demonstrates our commitment to environmental responsibility and aligns with the principles of ISO 14001:2015 and UK environmental regulations.
